

# COIL GREEN

**COIL GREEN** is a non acidic, self rinse cooling coil cleaner utilizing natural condensation action to remove deposits of soil, grease and other accumulations. It is widely used as an effective coil renovator and deodorizer for air conditioning chiller and cooling coils.

## HOW TO USE

Dilute **COIL GREEN** with 1 to 3 parts of water. To penetrate all areas spray it directly on to the finned coils. Allow **COIL GREEN** to act for few minutes. Turn on the unit for normal condensation to take place. Apply neat as a filter adhesive.

## BENEFITS

Automatically cleans cooling coils by normal condensation. Units need not be moved from their location. Eliminates bad odours commonly associated with air conditioning filters. It inhibits corrosion and leaves an invisible coating that increases the efficiency of the filter. **COIL GREEN** will not harm aluminium, copper, steel and plastic.

## PRECAUTIONS

Avoid contact with skin, eyes & clothing. Wear chemical resistant gloves, goggles and clothing.

## FIRST AID

In case of skin contact, wash affected area with soap and water. In case of eye contact, flush with plenty of water for a minimum of 10 minutes. In case of Ingestion - DO NOT induce vomiting. Drink plenty of water. In case of inhalation remove to fresh air.

## WARNING

Keep out of reach of children. Refer to MSDS before using the product.

Packing  
(4X1 Gallon)/Box

## SPECIFICATIONS

Appearance	Clear Liquid
Colour	Green
Odour	Fresh Perfume
SG	1.005

Shipping Information: Hazardous for Shipment by Air, Sea, Rail and Road  
**PRODUCT CODE: GM-1029**
