

COIL MAX

COIL MAX is an exclusively formulated, powerful condenser coil cleaner with a combination of acids and surfactants. Its foaming action removes stubborn deposits of grime. It is a very effective cleaner and brightener providing maximum efficiency to the air conditioning system.

HOW TO USE

Dilute **COIL MAX** with 2 to 5 parts of water. Turn off the unit. Wet the coils and spray **COIL MAX** from top until all areas are thoroughly wet with it. Allow it to act for 5 to 10 minutes. Rinse well with water to completely remove all grime and **COILMAX** from the unit.

BENEFITS

COIL MAX prolongs condenser life and restores peak cooling efficiency. Economical **COIL MAX** diluted with water and applied by simple spray, saves time, labour, expensive equipment replacement costs, and downtime.

PRECAUTIONS

Avoid contact with skin, eyes & clothing. Wear chemical resistant gloves, goggles and clothing.

FIRST AID

In case of skin contact, wash affected area with soap and water. In case of eye contact, flush with plenty of water for a minimum of 10 minutes. In case of Ingestion - DO NOT induce vomiting. Drink plenty of water. In case of inhalation remove to fresh air.

WARNING

Contains Hydrofluoric Acid. Harmful or fatal if swallowed. Contact with skin or eye may cause burns. Avoid breathing vapors. Keep out of reach of children. Refer to MSDS before using the product.

Packing
(4X1 Gallon)/Box

SPECIFICATIONS

Appearance	Clear Liquid
Colour	Pink
Odour	Mild Acid
SG	1.05

Shipping Information: Hazardous for Shipment by Air, Sea, Rail and Road
PRODUCT CODE: GM-1026
